NOTE: Applications to CUNY institutions are received and processed on a university-wide basis through the University Application Processing Center. Applications accepted, as reported in this table, may reflect the students' first, second, or third choice of institution. However, applications received reflect only the students' first choice. For example, a student who applies to a CUNY senior college, but is eligible only for a CUNY community college is counted at the senior college level for applications received, but at the community college level for applications accepted.

Applicants to CUNY institutions are not required to specify full- or part-time study at the time of application. Therefore, applications received and accepted, as reported in this table, reflect both full- and part-time data. However, applicants enrolled reflect full-time data only.
